CLAY CITY, KY., THURSDAY, JANUARY 6, 1921.

NO. 1

Quarter Century Old

With this issue the Times enters upon its twenty-sixth year, having rounded out twenty-five years of existence. and the publisher of today, who is the same as January 1, 1896, is proud to say, he believes, at least, the paper has held its own, and it is quite certain that all who remember the first issue, will bear us out in the statement made above.

The Times is making no pretense of great improvement, but we do claim to have given all a square deal and to be still determined to print all the news of the county that we can learn, and to boost and uphold every worthy movement of advancement in the county. And not only to boost, but to get down at the wheel and help to roll, giving as big lift with both hands and acts as any citizen of the county.

We ask the help of every citizen in the county. Send us the news with full particulars. We have no telephone in the county to verify heresays. With your aid, dear reader, we hope to make a better paper in the future from point of news, and we certainly hope to see greater improvements in the county within the next twenty-five years than within the past quarter century morally, physically and spiritually.

Feeding Heavy Cattle

Mr. Cas. P. Goff was here Monday from Indian Fields and bought a large bill of lumber from Brodhead-Garrett Company. He will use this lumber to make stalls and feeding troughs for about two hundred big cattle he is feeding on his farm this winter. Mr. Goff is feeding them corn and cotton seed meal. He is pushing for the earliest shipment possible.

Married in Wisconsin

Miss Blanche Powell, the youngest daughter of Mr. and Mrs. M. D. Powell, of Alvin, Wis., was married to Mr. William Cook, of Alpha, Michigan, near the bride's home Christmas night by Rev. Alvin Spencer. The young people will make their home in Alpha with the bride's sister, Mrs. Otto Dunkel.

Hugh Bush, merchant of Vaughn's Mill, has purchased of S. V. Larison his business property on Main street and will move his family to Clay City where he will conduct a general store. We welcome Mr. Bush, his family and his business to our town and bespeak for them success.

Sells Hogs at Big Price

R. L. Derickson, a Powell county farmer, recently sold 15 pure bred shoats on the market, which brought him \$150 profit.—Mt. Sterling Gazette.

S. V. Larison and Cordis Larison, his son, will shortly move to Winchester to reside and enter business.

The New Year Brings

Political Gossip

With the advent of the new year comes increased talk to things political in the county. Matters were kept very quiet until about Christmas when it became noised about that so and so is going to make the race for such and such office.

In this end of the county it is a well known fact that at least two or more favorite Democratic sons will be persuaded to announce. None of the men spoken of is more prominent than Mr. F. G. Powell, that splendid man who was defeated for Sheriff three years ago by Mr. Wm. Garrett, Republican.

Everybody knows that there is not a man in the Democratic party more worthy of political preferment than Mr. Powell and it is the talk of many that the wrong perpetrated four years ago must be righted this fall.

Many are calling upon Mr. Powell to announce for County Judge while others think he should be given the nomination for Sheriff, the office he first selected. At any rate there seems to be a most universal feeling to right the wrong of '17, by putting Mr. Powell into one of the county offices. Since he is highly capable of filling any office in the county, it seems to be a matter up to his own choice.

Work on Electric Light and Power Line to Begin.

Work on the pole line for the light and power plant will begin this week. The line will be extended, for the present, only around the main square of the town and down sixth ave. as far as the Christian church. The line will be extended to all parts of the town as demand for the current justifies such extension. Machinery for the plant has been ordered, and quite a lot of electric fixtures are on the way to wire houses wanting the current.

Dies In New York

Miss Mae Barnett, daughter of John W. Barnett, died at Ira, New York, from sickness following measles. Miss Barnett was fifteen years old and was her father's housekeeper, her mother having died five years ago when the family lived at Butler, Mo. Her parents moved from here to Missouri eighteen years ago and lived there until one year ago when Mr. Barnett and his remaining children moved to New York state where his oldest son, had recently moved and purchased a farm.

Besides the father, Miss Mae is survived by two brothers, Frank Barnett, of New York; Gordon Barnett, of Wingate, Ind.; two sisters, Mrs. Argenbright, of Missouri and a younger sister, Miss Lilly.

Messrs. Lloyd and Asa Todd, of Spout Spring, are uncles of the deceased.

Maple Grove Stock

Coming to The Front

The Maple Grove Stock Farm, A. J. Martin proprietor, is making Powell county famous for premium live stock. Mr. Martin recently killed a Poland China hog that tipped the scales at 750 pounds, and the hog was only eighteen months old. From this porker he secured twenty-five gallons of lard. The two hams weighed 160 pounds. These hams he sold for \$35.00 each. He has one Hereford yearling thirteen months old, to be exact, that now weighs 920 pounds. Is there another farm in the county that can equal the record of the Maple Grove Stock Farm?

Many persons who attended say it was the best entertainment they ever saw.

NEW CAR RUMOR

FALSE SAYS FORD

Will Make No Changes In Models This Winter

"We do not contemplate making any changes in our present car models" stated W. A. Ryan, General Sales Manager of the Ford Motor Company, Detroit, in denial of the many rumors circulating throughout the country to the effect that Ford intended to change the design of the present car.

The statement was addressed to the Ford branches in the United States, and reads as follows; "Several branches have reported persistent rumors in their territory to the effect that a change in body design is contemplated the first of the year, even going so far as to say some of our assembly plants are already receiving shipments of new body material.

"We have never considered a good business judgment to make any guarantees covering a definite period on matters of this nature, but you may advise your dealers that these alleged rumors are false, as we do not contemplate any changes in our present models."

It was also pointed out that many minor changes had been made in the car during the past year, such as installing a slightly different gasoline tank, and changing the size of the steering wheel from twelve to fourteen inch, and that these changes will continue to go through from time to time as they are recommended by Ford's engineers.—Adv.

In view of the above statement from Henry Ford, Mr. Joe Mountz, the local Ford agent, asks those anticipating the need for cars in the spring to come around and make their purchases now. He has three machines on hand ready for delivery, and since nothing is to be gained by delay in making purchases, he thinks it best for prospective buyers to close contracts while they can make sure of getting cars.

The Best of All

The Times is the recipient of many beautiful calendars for the year 1921, but none is so much admired as one received from Scott & Adcock, insurance and real estate agents of Winchester. This calendar has the daily bible readings for Sunday school scholars. This is something very unusual to be placed on calendars and it is most highly appreciated by the Times force.

B. F. Martin, L. & N. agent at Nada, visited V. C. and H. S. Martin last Sunday.

Christmas passed off quietly. All seem to be well pleased with what they saw, heard and ate.

We suppose the old saying still stands good when it said "The days begin to lengthen and the cold begins to strengthen."

And now they do say we are to soon have a new set of county officials. Well, all right, uncle. We are here to help boost the "worthies" any other kind please set up and take notice the voters these days are doing their own thinking, directing his own footsteps rather than stampeding after some self assertive Bell-Wether.

The good cool air last Sunday was punctured full of holes by the crack of fire arms that came from the four cardinal points of the compass. It seemed they were using the "Iver & Johnson" Hopkins & Ferguson" "Smith & Dooster" "Colts Automatic" and "Ruben Hadix" and three hours before the finding of this indictment all of which was against the peace and dignity of the commonwealth of Kentucky.

Pepto-Mangan Will Help Fight Colds

Make Up Your Mind to Keep Free From Colds. Get Your Blood in Good Condition

START TAKING PEP-TO-MANGAN

Now Is the Time to Build Up. You Will Be Strong This Winter

Every house has a supply of fuel for winter. People know cold weather is coming. They get ready for it.

How many people get their bodies ready for winter? Most of us go around all summer in the intense heat burning up energy, working hard all day and sometimes lying awake at nights sleepless in the heat.

Winter comes along. It catches many people totally unprepared physically. Few of us take stock of our health. Whether we will be well, healthy and strong, we often have too much to chance.

But not everybody. Nowadays people are learning. They know this matter of enjoying good health is a thing they can help control. If you live right, eat right, get plenty of sleep, breathe fresh air and keep your blood in good condition, you will be all right.

It is so simple. If you feel a little off in health—perhaps worn out and pale—don't take chances. There's no need of it. Buy some Pepto-Mangan of your druggist. Begin taking it today. You can get it in liquid or tablet form. Tell your druggist which you prefer. But to be certain that you get the genuine Pepto-Mangan, ask for it by the full name—"Gude's Pepto-Mangan." Look for the name "Gude's" on the package. Advertisement.

Will Announce For Assessor

We learn that James W. Woolery will shortly announce for Assessor subject to the action of the Democratic party. One thing is certain Jim is a loyal true Democrat. He has filled two terms of office in the county before. He is a very bad cripple and certainly needs the compensation of the office. It would be a charitable act for any one who can, to throw favors in his way. He is wholly incapacitated from manual labor and he needs help. Thus in a short time his announcement for Assessor will appear, when he will ask your support.

For some time the farmer has been pursuing scientific studies, and is now prepared to take a course in finance.

Pains Were Terrific

Read how Mrs. Albert Gregory, of R. F. D. No. 1, Blufford, Ill., got rid of her ills. "During . . . I was awfully weak . . . My pains were terrific. I thought I would die. The bearing-down pains were actually so severe I could not stand the pressure of my hands on the lower part of my stomach . . . I simply felt as if life was for but a short time. My husband was worried . . . One evening, while reading the Birthday Almanac, he came across a case similar to mine, and went straight for some Cardui for me to try.

"I took it faithfully and the results were immediate," adds Mrs. Gregory. "I continued to get better, all my ills left me, and I went through . . . with no further trouble. My baby was fat and strong, and myself—thank God—am once more hale and hearty, can walk miles, do my work, though 44 years old, feel like a new person. All I owe to Cardui." For many years Cardui has been found helpful in building up the system when run down by disorders peculiar to women.
